Featured speaker:

Wayne Harper, Portland Natural Gas Transmission System

Facing the ATV Challenge

Mr. Harper is an environmental engineer, currently serving as the Environmental, Health, and Safety Manager with the Portland Natural Gas Transmission System. In an effort to confront the ATV problems along the over 200-miles of pipeline rights-of-way, Mr. Harper spearheaded the formation of the Responsible Riders Association. Mr. Harper, an invited presenter at the Maine ATV Conference, is Maine's most visible utility spokesman seeking ATV law enforcement. PowerPoint and video will be used to illustrate his presentation.
