

Improved Eastern Trail to Portland Amtrak Spur Trail

Soon after the first edition of the *Eastern Trail Guide* was published, Portland Trails opened its Fore River Trail providing a direct, mostly off-road, connection between Commercial St. and Portland's Amtrak station.

By using the new Fore River Trail, the riders can avoid heavy traffic and several challenging intersections.

ET to Portland Amtrak Spur Trail

We thank ETA members Nan Cumming, Leslie Kaynor, and Steve Shapiro for recommending and describing the route to Portland Amtrak shown above.

Finding Portland Trails', currently unmarked, Fore River Trail from the Amtrak station is not obvious. It begins as the sidewalk beside the driveway into the transportation center.

You can purchase the entire Eastern Trail Guide on-line at www.EasternTrail.Org You can also join the ETA at the same Web site.
